Dear Mus

Our Committee has recently received official confirmation of 81 more servicemen being held in North Vietnes. By now you should have

heard that is on this list. The North Vietnamese have now confirmed through the Committee of Lisison a total of 335 men being held.

This potification also means that a letter is en route from him. The enclosed release axplains how meil is forwarded via our office. Because meil from Hanoi is very alow we cannot be sure when the letter will come, but we will forward it as soon as it arrives here.

We are very pleased to be able to perform this service and hope that you will feel free to be in touch with us should you have any questions.

At the same time, we are continuing to work towards the immediate and complete withdrawal of all U.S. troops from Southeast Asia so that soon all families, American and Vietnemess, can be united again.

Sincerely,

INFORMATION SHEET

## Punctions of the Committee

The Countities of Maison seeks to facilitate communication between servicemen imprisoned in North Vietnam and their Temilies in the United States. The Committee receives Letters from servicemen and forwards them to the families through the domestic usils. It also forwards letters to North Vietnam at the request of families: Femilies are, of course, still free to send letters directly but should not the correct address for both letters and packages:

Hame of servicemen, serial number
Camp of Detention of U.S. Pilots Captured
in the D.R.V.
Hanol, Democratic Republic of Vietnam
Via Moscow, U.S.S.R.

"most Captured servicemen may receive one letter a month and one peckage (not over six pounds in weight) every other month. The Committee does not forward packages. It is suggested that letters sent to the Committee for forwarding be sested and that stamps be enclosed (not sffixed) as letters are forwarded in packets.

The Committee is only able to be of help with respect to men who have been shot down over North Vietnam.

The Committee slao is able to request information regarding the atatus of test shought to have been shot down over North Yietnem and captured there. For such inquiries the Committee needs to have the individual's service number, and any assilable information as to when and where he was shot down. With respect to such requests the Committee would expect to recaste a latter to his family if the Individual is being held in North Yietnem. If the individual is known to be dead or if the North Yietnemes have no information regarding him, the Committee expects to receive that word to the extent possible. In any case the Committee will communicate with the family concerned as soon as it receives word. In this way we expect that, as Xuan They, heas of the North Yietnemes delegation in Peria, has said, gredually all feutilies of servicesen held in North Yietnem will beer from their relativer.

SOKE LONNIE

The Committee of Ideison has been established in response to an initiative

created by the North Vietnamese and is an extension of previous efforts. It is not in any sense representing the government of North Vietnam.

Since 1955 there have been a number of meetings between people of Vietner (from both the Morth and the Mational Liberation Front of South Vietner) and Austrians who oppose the war. On three separate occasions representatives of the American anti-war movement have gone to Hanoi and have returned with released servicemen. On one occasion an American peace activist went to Phnom Penh, Cambodia, to receive three American aclidiers who ware released by the National Liberation Front. Americans visiting Eanoi have frequently carried letters to captured servicemen at the request of their families and thay have brought back letters when they have returned to the United States. On several occasions such visitors from the peace movement have met with captured pilots in Hanoi.

### The Committee

The Committee of Liaison believes that the safe return of U.S. service: a captured in North Vietnam and the half-million others that the United Stetes maintains in South Vietnam, Loos, Theiland, and aboard naval vessels can only come with a decision on the part of the U.S. government to completely withdraw from Vietnam. Because of this conviction, we who are serving on this Committee will also continue our efforts eized at the immediate and complete withdrawal of all U.S. armed forces and weapons.

From: Rev. Richard Fernandez To: The families of the 335 presently confirmed prisoners held in North Vietnam

Re: Information on correspondence with prisoners

On April 20th I returned from a three-week trip to Leos and North Vietnam. In North Vietnam I spoke with officials responsible for communication between pilots held in detention there and their families here. The following information was emphasized to me by the North Vietnamese authorities and we are anxious to make sure that you are sware of it:

- The Vietnamese recommend that families use the sir-letter form (enclosed) for correspondence.
- 2) Communication to pilots should be limited to matters of family and health.
- Pilots are allowed to receive one letter per month and one package every other month (not over aix pounds in weight).

Detention Camp authorities have said that they do not wish to receive several letters and/or packages per month for a given pilot from different members of the same family. Pamilies should make arrangements for alternating letters each month if different members

ient to write.

The Morth Vietnamese authorities indicated that, from this point forward, they will not feel responsible for forwarding letters and packages that do not adher to the above.

If the letter form is miled directly it can go in snother envelope but the mail soute, wis Moscow, W. S.G.R., abould definitely be in-gluded in the address. If letters are sent to the Counittee of Lisizon for forwarding please enclose but to not effix stamps as me send letters on in peckages. The Committee cannot forward packages for families.

While I was in Henoi, Prof. Douglas Down of Cornell University and I met with three pilots: Cdr. Robert Schweitzer of Lemoore, California; Cdr. Walter Wilbur of Virginia Beach and Lt. Col. Edison Miller of Sants Ane, California. The three men were in good health, and said they had delly exercise and reading material. The three pilots advised us that they had been getting letters and packages from their

Smilles, and said that packages include toilet articles and canned cook. In particular they wentioned scap, shaving cream (no rezors or blaces), toothpeate, condered milk and cream, instant coffee and bon-mailting candy. They said they do not need clothes.

also, in my discussions with the Vietnam Committee of Solidarity with the American People, the Committee of Lisison's contact in Korth Tistham, we confirmed that since December over SOO letters have been sent from Hanoi through the Committee of Lisison. Of those, 156 letters are still on their way from Hanoi to families here.

We hope that this information clarifies some aspects of correspondence for you. If you have any further questions please do not hesitate \* to contact us. NF 100-6833

### INFORMATION SHEET Background '

In the course of the Vietnam war, links have been built between the people of Vietnam and Americans who oppose the war through numerous meetings only These meetings have taken place in conferences. conferences. These sectings have taken place in Europe, Canada, Cubs and Southeast Asis and have included people from both the Desocratic Republic of Vietnam (Korth Vietnam) and the National Libera-tion Front of SouthVietnam (now part of the Frovi-sional Revolutionary Government).

Tand Young In these meetings the Vietnamese have always streamed as distinction between the U.S. government, whon they as distinction between the U.S. government, whon they had responsible for the policy of war, and the U.S. people, whon they believe still value the goals upon which this country was founded—independence, justice, freedon and equality. This same distinction is evident to those Americans who have visited North Vietnam and found that even though the nation is aread to defend itself, the people are encouraged by their government to believe that the American people are besically decent and humans.

It is therefore understandable that the Vietnamese should indicate their basic confidence in the American people through the peace movement which in the place the people when the people will be a serviced and the people of the

In addition, Americans visiting Manoi have frequently carried letters there at the request of families, and have brought back letters from servicesom. There have also been occasions when American peece ectivists have met prisoners and talked with them.

# Punctions of the Committee

A Committee of Lieison has now been established as an extension of these past efforts at the request of the Bouth Victnesses. As on past socusions, the peace nevenent is reaponding to a request by the Victnes-ness to meet a specific, immediate need and is not in any sense repre-menting the government of Borth Victness.

The Committee will seek to facilitate communication between families in the U.S. and Servicesen now imprisoned in Marth Vietness. Basically, the Committee will receive letter from servicesses and forward then through the distributed of the committee of the committee of the committee of the meeting of seek seil. We will also forward letters to Morth Vietner at The request of reletives. Families are of course still free to Sent letters and percels directly but should note that the instructions on axiling previously issued by the State Department are wrong. The correct address is: name of servicemen

requests for information about servicemen from families who are uncertain if their relatives are being held in North Vietnam. Requests should be submitted to the Committee, but there is no certainty when and if the North Vietnamese will be able to respond. The Committee will of course transmit immediately any information that it receives to the family.

# Clarification

Two clarifications are in order: first, it should be noted that the Committee will be dealing solely with the government of North Vietner and will not have any information on men held in South Vietner by the Provisional Revolutionary Government. Nor will we be able to provide information at this time concerning men held in Laos or any other Southeast asien country where U.S. troops and aircraft are presently involved in combat missions.

Secondly, the Committee will function entirely apert from the U.S. government. The U.S. government has frequently made it more difficult for the Victorenese to be open to the concerns of American families by using the femilies' genuine desires as a propaganda ploy. The government has further attempted to provoke an angry response from the Vietnamese by publicizing unsubstantiated and inflammatory testimony from filters already released; apperently, the government has decided to jeoperize existing communications and the possibility of future releases for the sake of propagands aimed at prolonging the wer. The Borth Vietnamers are also very aware that the U.S. government's claims of humanitarian concerns are contradicted by the well-focumented policy of torture and brutality practiced on prisoners taken in the South by U.S. and Saigon troops.

In addition to all these factors, there is the simple fact that the resolution of the fate of all the servicemen now held in North Vietnez waits ultimately upon a U.S. decision to end the war and withdraw all its forces and materiol.

#### The No Are

We firstly believe that the safe return of these men and the half million others that the U.S. maintains in South Vietner, Leos, Thailand and every series of their own government after many have been sent to fight in a war against the dictates of their own concilence—can only cone with a decision on the part of the U.S. government to withdraw from Vietner. Second of this conviction, we who are serving on this Committee will continue our efforts to create popular pressure strong enough to force the government to withdraw.

We are active in a variety of organizations committed to ending the war: American Friends Service Committee, the New Mobilization Committee to End the War in Victuan Clergy and Laymon Concerned about Victuan, Nonen Strike for Peace, The Conspiracy, and Homen Against Daddy Marbucks. The Committee is supported by Constions from individuals and organizations, and we comes the offs to sustain its work.

We assume that by this time you have received the letter from North Vietnam which was forwarded to you by members of our Committee. We are enclosing an Information Sheet which explains the work of the Committee of Lieison.

The Morth Vietnamese have said that prisoners will be able to receive and send one letter a month. As noted in the Information Sheet, you may send letters directly to North Vietnam (note the mail address and route). If you would like us to forward them for you, please enclose but do not affix stamps as we will be sending them on in packets. We are also enclosing a letter form which you might wish to use, whether you send it directly or through us. Prisoners can also receive one package, not over six pounds in weight, everyother wonth.

To insure the safe and rapid delivery of mail from prisoners, the North Vietnemes will send periodic packets of letters through our office. The letters will then be dispatched immediately to the families be whom they are addressed.

The only may to becure the eventual release of prisoners is through the decision by the United States to end the war. But in the meantime we are pleased to be able to sesist in the communication between men and their feullies. We hope to forward letters on to you again soon.

We have just received word from Hanoi that a letter from to you has been mailed from North Vietnam and is expected to arrive here shortly, perhaps in the next week or two. As soon as it arrives, slong with 86 others in the same package, we will send it to you immediately. Please forgive the mimeographed letter but we wanted you to know right sway, particularly the large number of families for whom this will be the first letter.

As a result of arrangements made with the North-Vietnamese, mail from captured pilots will be sent to this office in bundles for remailing to families. She is the wife of

Since her husband was taken POW, Mrs. has received seven letters from him. Her first letter was received in April, 1969, and most of these have been received through the regular mail service.

In August, 1969, after RENNIE DAVIS brought out it. ROBERT FRISHMAN, POW, from Hanoi, both she and received letters from their husbands through DAVIS.

On August 9, 1959, she received a telegram from RENNARD C. DAVIS, National Mobilization Committee to End the War in Vietnam, 339 Lafayette Street, New York, New York. In the telegram he quoted the text of her husband's message to her. He did not ask Mrs. to allow the message to be put in "Time" magazine, nowever, in the telegram DAVIS stated that he had been invited to Morth Vietnam to escort home three American prisoners released by the North Vietnamese and that he had received several messages to families of other prisoners.

On December 24, 1969, she received an envelope with the return initials of "L.S." SCHMEIDER apparently had just returned from Hanoi.

During most of the time, WEISS dwelled on the alleged atropities in Morth Vietnam and the bombings. WEISS took the attitude that conditions in the POW camps were very nice and that the treatment of POWs was very good. She attacked the credence of statements of Lt. ROBERT FRISHMAN, who sometime after his release, publicly advised that the POW were being subjected to severe hardships and mistreatment.

In January, 1970, her husband's mother, telephoned her asking if she had captured a recent letter from her husband. Hre attack that her casualty officer from the Navy toto her a letter was on its way.

She later received the letter in January of 1970, from the Committee of Liaison with Families of Servicemen Detained in North Vietnam, (COLIFAM).

The letter is set forth as follows:

We are enclosing a letter to you from written from a camp of detention in the personage Republic of Vietnam. The letter is forwarded to you through the newly formed Committee of Lisison of which we are members.

This letter, slong with 68 others, was recently banded to Louis Schneider by Victoracee authorities in Hanoi, and he mailed them to us from Hong Kong. This was in line with a system for handling such letters which has been . opened up to our Committee by the Democratic Republic of Vietnam.

The Committee of Lisison is composed of individuals active in the American peace movement and opposed to the U.S. military intervention in Vietnam. The Democratic Republic of Vietnam has decided to use our Committee as a channel for communication between the captured sirmen in detention camps in North Victors and their relatives in the United States.

Please excuse the fact that this letter is dittoed rather than typed on letterhead. We are a new committee and we want you to receive the enclosed without delay. Therefore we are sailing this letter immediately without waiting for printed letterhead and envelops.

We shall send you further information within the next few days regarding the lisison services our Committee is now able to perform.

In closing we wish to express the deep hope that the U.S. government will come to its senses, withdraw its armed forces from Vietnam, and thus make it possible for the families, both American and Vietnamese which have been separated as a result of this cruel war, to be reunited. .

### Dear friend:

We are very glad to send you the enclosed letter from North Vietnem. It, slong with 142 others, was brought to this country by Jean Palomdon, Nancy Rutin and Judy Claver -- anti-war activists who spent two weeks in North Vietnam.

The letters were slightly delayed in getting here because all the material they brought back with them, including the letters, was confiscated by the Camadian Customs upon their errival in Montreal. This was totally unexpected and unprecedented; but they generated enough pressure so that everything was returned to them.

There will be snother group going to Morth Vietnam at the end of this month. If you would like them to take a letter from you, please send it to us in the host week or so.

she wanted to be certain that HAYDEN had the mail to give the group which was going to Hanoi. As she recalled, she had delivered to HAYDEN ten letters. She does not know if these letters actually reached the prisoners of war.

Her current practice is not to send any letters to her husband through CoLIFAM but to mail them through the regular postal service addressed to her husband in Hanoi.

She related that when the wives get word, usually through the Department of the Navy, that some visitors are going to Hanoi, the wives generally send the proposed visitors letters to their husbands. As an example, she cited that during the previous week she sent a letter to Hr. KEN KILPATRICK of the American Friends Service Committee who was going to Hanoi.

She stated that earlier this year a group of several wives met with Reverend RICHARD FERNANDEZ in She did not go to this meeting although at that time she gave one of the wives who attended the meeting a letter addressed from her (hrs. to her husband. She has received no indication that that letter actually reached her husband.

She recalled that in Movember, 1969, she had sent a letter to her husband through ETHEL TAYLOR, 20 South 12th Street, Philadelphia, Pennsylvania, who is associated with the Women Strike for Peace (WSFP). She stated that in turn hrs. TAYLOR Macrowarded her a letter from

a two-page "Information Sheet" from COLIFAH, 265 West 12nd Street, New York.

She then received the following correspondence from

MF 100-6633

North Wietnamese to allow inspection of POW camps. They also conferred with representatives of the World Council of Churches and the International Commission of Jurists.

She stated that she and Mrs. want to continue giving publicity to the POW - MIA (Missing In Action) situation so that these men will not be forgotten by the United States Government and public and to establish more effective lines of communication with the North Vietnamese.

She related that on testified before the house committee on Internal Security concerning the above matters.

Mrs. stated that she would be willing to testify to the above in a court of law.

The state of the s

Virginia, furnished the following information:

She is the wife of U. S. Havy, the was taken prisener of war (POW) by the North Vietnamese on 1957. She was promptly notified by the Department of the Mavy of the assumed prisener status.

On December 15, 1969, she received a letter and a and her Christmax card from her husband, and then received another last letter on Harch 13, 1970.

For three years she has mailed monthly letters to her husband in care of Camp of Detention of United States Pilots Captured in the Democratic Republic of North Vietnam, in care of the Hanol Fost Office.

Her husband wrote her telling her he had received Christmas packages she had sent in 1968 and 1969, although she does not know if he received her letters.

She was present at a meeting at the home of Mr.
in Virginia during April, 1970.

Pregent besides nersur and of the Committee of Liaison with remittee of Servicemen Datained in Morth Viatnem (COLIFAM); Mrs.

Mrs.

All of the wives present knew that their husbands were POWs in North Vietnam but several of them had not received mail from their husbands. The group of wives wanted to find out first-hand what COLIFAN could do for them to effect lines of communication between the wives and the prisoner husbands. Each of the wives present gave Reverend FERMANDEZ a letter to her husband together with a cover letter setting out information about what they knew about her husband's POW status.

TERNANDEZ related that he had been invited to Hanoi previously although he had never been there. He wanted to go to Hanoi to observe conditions in the church as well as the destruction caused by the bombings. He told the wives that if he went to Hanoi with a certain number of names of prisoners of war and men missing in action, he felt Hanoi would tell him about each man. He also wanted to interview prisoners and wanted to see other camps other than the "show camp," which is commonly referred to as the "Hanoi Hilton."

FERNANDEZ related that COLIFAM was established so that Hanoi could use COLIFAM as a means of getting letters from Hanoi to the prisoners' wives in the United States. FERNANDEZ inferred that there is not much communication between members of COLIFAM and related COLIFAM members were sympathetic to the North Vietnamese government. FERNANDEZ said he knew COLIFAM was being used by both the United States and North Vietnamese governments to accomplish their own ends, namely communication between POWs and their wives.

FERNANDEZ stated he felt the wives were victims of an ill-fated war and that it was not asking too much of him to ask Hanoi to furnish information on the prisoners.

FERNANDEZ also said at the meeting that the North Vietnamese government made a statement that they would talk about POW releases if the United States stopped the bombing. This was in 1988. Then something happened between the North Vietnamese and the Mational Liberation Front (NLF). The NLF objected to this posture by the Morth Vietnamese. Hence, the Morth Vietnamese oould not act allow. Them, instead of releasing information to the United States Government, Hanoi established COLLFAM. FERMANDEZ said that COLLFAM members had been selected by Hanoi

During the meeting with FERNANDEZ, a Mrs.
Virginia, a wife of a prisoner of war, called
teting COA WEISS of COLIFAH had left a message with
children to the effect that her husband was listed
as a FOW, mrs.
wanted COA WEISS' telephone number.

MF 100-6831

FERNANDEZ Further related he had to maintain an office at his own expense in New York City on behalf of COLIFAN and that he was not asking for donations.

On April 3, 1970, CORA WEISS telephoned Mrs. stating her husband's name had been released by Hanoi as a POW. WEISS said the North Vietnamese confirmed the fact he was a POW and a letter from him would be forthcoming.

When Mrs. heard this information, she and Mrs. who had also similarly been notified, made a press release; and Mrs. then was interviewed on a local television show on WAVI-IV called "Eye Witness News" to discuss her husband's POW status.

On April 8, 1970, BARBARA PERSTER of COLIFAM said she had just received sail from Mrs husband, which was addressed to Mrs at her our address She sain she would forward it to Mrs.

She then forwarded the mail via certified mail with the return address of "Committee of Liaison, Second Floor, 365 West \$2nd Street, New York, New York 10036." This actually consisted of a letter and card.

Twelve days later she received another envelope bearing the same address which contained a letter from her husband.

About this time, COLIFAM issued a press release listing the names of POWs.

In May, 1970, she sent a letter to her husband through COLIFAN using the standard form which appears hereafter. She stated this standard form frequently accompanies mail from COLIFAN and is the form Hanoi wants the wives to use.

She further related that the wives in the area were leary of COLITAN when it was first organised, but many of them feel that they want to use COLITAN to get mail through to their husbands. NT 100-5033

She further related that his factoring of has set with William KUMSTLER, the attorney.

Mer husband is missing in action and her mother-in-law had gone to Leos to inquire as to the husband's status. Mrs. had contacted KUNSTLER to see if he could determine the status of her husband, and KUNSTLER told her that the North Vietnamese said her husband was not a prisoner of war.

Functions of the Committee

Com Major

The Committee of Lisison seeks to facilitate communication between servicemen imprisoned in North Vietnam and their families in the United States. The Committee receives letters from servicemen and forwards them to the families through the domestic mails. It also forwards letters to North Vietnam at the request of families. Families are, of course, still free to send letters in-rectly but should not the correct addrsss for both letters and packages:

Captured servicemen may receive one letter a month and one package (not over six pounds in weight) every other month. The Committee does not forward packages. It is suggested that letters sent to the Committee for forwarding be sealed and that stamps be encicsed (not affixed) as letters are forwarded in packets.

The Committee is only sole to be of help with respect to men who have been shot down over North Vietnam.

The Committee also is able to request information regarding the status of cen thought to have been shot down over North Vietnam and captured there. auquiries the Committee needs to have the individual's service numand any available information as to when and where he was shot down. rer, and any svaligue information as to when and where he was shot down.

With respect to such requests the Committee would expect to receive a latter
to his fertily if the individual is being held in North Vietnam. If the incitation is income to be deed or if the Borth Vietnamere have no information
regarding him. The Committee expects to receive that word to the extent
possible. In any case the Committee will communicate with the fundly concorned as soon as it receives word. In this way me expect that, as Xuan

The Committee of Lisison has been established in response to an initiative

NF 100-6833

created by the North Vietnamese and is an extension of previous efforts. It is not in any sense representing the government of North Vietnam.

Since 1955 there have been a number of meetings between people of Victner (from both) the North and the Mational Liberation Front of South Victner) and Americans who oppose the Mar. On three separate occasions representatives of the American anti-war movement have gone to Hanoi and have returned with released servicemen. On one occasions namerican reace activist went to Phnom Penh, Cambodia, to receive three American scidiers who were released by the National Liberation Front. Americans visiting Hanoi have frequently carried letters to esptured servicemen at the request of their familias and they have brought back letters when they have returned to the United States. On several occasions such visitors from the page movement have met with eaptured pilots in Hanoi.

### The Committee

The Committee of Lieison believes that the safe return of U.S. service an exptured in North Vietnam and the half-million others that the United States maintains in South Vietnam, Laos, Thoiland, and aboard naval vessels can only come with a decision on the port of the U.S. government to completely withdraw from Vietnam. Because of this conviction, we who are serving on this Committee will also continue our efforts sined at the immediates and complete withdrawsh of all U.S. crmed forces and weapons.

As individuals Committee members are sotive in a variety of organizations and groups committed to ending the war: the New Mobilization Committee to End the War in Vietnam, The Conspiracy, Clergy and Laymen Concerned About Vietnam, U.S. Inter-religious Committee on Pasce, Followship of Recommistion, Newareel, Momen Against Deddy Warbucks, Lawyers Committee on Vietnam, and Momen Strike for Pasce.

The Committee of Lisison is entirely dependent on donstions from individuals and organizations, and welcomes any gifts to sustain its work.

Nev. Richard Pernandez, a member of the Committee of Lisison, returned today from a two-week trip to Laos and Morth Vietnam. He brought back the enclosed letter along with 201 others from prisoners being held in Morth Vietnam.

While there, Rev. Fernandez held a lengthy interview with three pilots, Cdr. Robert Schweitzer, Cdr. Walter Wilber and Lt. Col. Edison Miller. He also was advised by North Vietnemese suthorities that families should write letters monthly on the enclosed sir—letter forms. We are therefore sending several to you at this time and will send more with subsequent mail.

We are of course very pleased to be able to forward this letter to you.

Sincerely yours,
